# Executive Summary

---

Purpose

Impact

Recommendations

## Introduction

---

Target Audience

Goals

Assumptions

## Policy Scope

---

Cluster Components

Images

Configurations

Runtime Behaviors

## Policy Architecture

---

Policy Definition Language (PDL)

Policy Authoring Point (PAP)

Policy Management Point (PMP)

Policy Enforcement Point (PEP)

Policy Reporting (PR)

## Policy Lifecycle

---

Authoring

Versioning

Deployment

Enforcement

Detection

Remediation

## Policy Mappings

---

Incident Management

Vulnerability Management

Compliance

Security Operations Center (SoC)

## Use Cases

---

Configuration Security

Operational Compliance

Regulatory Compliance

Supply Chain Security
